## CAREER OBJECTIVE

---

Passionate Frontend Developer with training in **React.js, JavaScript, and modern web development**, seeking to contribute to innovative projects. Eager to leverage my skills in building responsive, user-friendly interfaces while growing in a collaborative team environment.

## PROJECTS

---

### Multi-Vendor E-Commerce Platform 🔗

[HTML, CSS, JavaScript, Bootstrap, Firebase]

- **Multi-Vendor Support:** Enabled sellers to create accounts and list products.
- **User Authentication:** Implemented **login/signup for buyers & sellers** using **Firebase Auth**.
- **Product Management (CRUD):** Sellers could **add, edit, and delete** products dynamically.
- **Responsive Design:** Built with **Bootstrap** for seamless UX across **mobile, tablet, and desktop**.
- **Firebase Backend:** Used **Firestore Database** for real-time product data storage and retrieval.

### Portfolio website creator 🔗

[HTML5, CSS3, JavaScript, Bootstrap]

- **Customize Their Portfolio** through an intuitive form interface
- **Preview Changes Instantly** with real-time DOM updates
- **Generate Downloadable HTML Files** with one-click functionality
- Added **file download functionality** using Blob API
- Created **template literals** for HTML generation

## SKILLS

---

### Programming Language

JavaScript | Core Java

### Frontend Technologies

HTML | CSS | JavaScript | React.js | Redux | Bootstrap

### Tools & Deployment Platforms

- Version Control: Git, GitHub
- Deployment: vercel, Netlify

### Concepts:

Responsive Design | Cross-Browser Compatibility | Performance Optimization

## COURSES

---

### Internship Program: Full Stack Web Development 🔗

Edureka

- Gained practical experience in **HTML, CSS, JavaScript, ReactJS, MongoDB, Node.js, and Express.js**.
- Built full-stack applications, including a **Zomato clone project**, using the **MERN stack**.
- Learned state management with **Redux Toolkit** and designed responsive UIs using **Bootstrap**.
- Implemented authentication and deployed projects on **Vercel** and **Netlify**.
- Used **Git and GitHub** for version control and collaboration.

## EDUCATION

---

### bachelor of Arts (Honors) in History

Gaya College, gaya

2020 – 2023 | Gaya, India
