Summary

I'm Rahul Kumar, a Full-Stack Web Developer proficient in the MERN (MongoDB, Express.js, React.js, Node.js) stack. With expertise in both front-end and back-end development, I specialize in crafting dynamic and responsive web applications. Passionate about innovation, I strive to deliver high-quality solutions in the rapidly evolving realm of web development.

Technical Skills

Languages: HTML, CSS, JavaScript

Frameworks/Libraries: Bootstrap, Tailwind CSS, Material-UI, React.js, Redux Toolkit

Databases: MongoDB, SQL/MySQL

Server-side Technologies: Node.js, Express.js

Version Control: Git, GitHub

Other: Responsive Web Design, RESTful APIs

Experience

Web Developer Intern | Edureka

Sep 2023 – Feb 2024

During my Internship at Edureka, I spearheaded the creation of four projects, showcasing expertise in web development. Utilizing HTML, CSS, and JavaScript with frameworks like Bootstrap and React.js, I developed dynamic web applications. Employing Node.js and Express.js, I constructed RESTful APIs, ensuring seamless server-side functionality.

Projects

Portfolio Website (React.js)

Designed and developed a personal portfolio website using React.js, featuring Nodemailer integration for seamless communication with visitors. Implemented engaging animations and ensured optimal user experience across devices.

Zomato Clone (MERN Stack)

Developed a Zomato clone using the MERN (MongoDB, Express.js, React.js, Node.js) stack.

Integrated key features including Razorpay payment gateway for seamless payment processing, google OAuth for user authentication, Pagination for efficient data handling, cuisine and sort filters for enhanced user experience, and price range filter for easy navigation.

Ensured responsiveness and user-friendly interface.

Education

Bachelor of Arts in History

Magadh University, Bodh Gaya, Bihar

Year 2020 – 2023
